

GIANTS FACE A HARD TASK

Have to Overcome Cincinnati's Lead of 4½ Games

LATTER GOING STRONG AND WITHOUT SLUMP

The Reds and Giants Have Broken Even in Their Series

New York, Aug. 13.—The most important series of the National league pennant race thus far this season began here today when Cincinnati, leading New York by 4½ games, met the Giants in the first of three successive double-headers. The two teams have alternated in the lead almost from the start of the season, when Brooklyn set the pace for a short time.

Moran's men, who have not encountered a losing streak, have been more successful than their eastern rivals during the past few weeks, gradually widening the gap between first and second places. To wipe out the Reds' lead, McGraw's men must win five of the six contests.

The Reds and Giants have broken even in 12 games, in which the latter outscored their opponents 42 runs to 36. Ruether and Salee each have won two out of three with New York. Eller one in three, while Lucue had a victory and Fisher a defeat. Barnes of the Giants, who won his 10th straight game yesterday, took two out of three from Cincinnati; Benton was successful three times in five games, and Toney met defeat in his contest.

"At last I decided to use Cuticura. After I had used one cake of Soap and three boxes of Ointment I was healed." (Signed) Miss Ada Mearns, 12 Standish St., Wollaston, Mass.

Now All You Good Fellows,
Come Fill Up Your Pipes

15c

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."
